

PHANTOM CARRIAGE

# THE MANIFESTO

At Phantom Carriage, we're a bit obsessed with brewing and blending some of the most innovative and enjoyable small batch, wild, sour, and barrel aged beers you've ever experienced. But that's just the start, because at Phantom Carriage, we believe great beer is at its very best when paired with fine artisan food, a comfortable ambiance and good friends.

## OUR FOUNDING PRINCIPLE

Life is an Adventure. Explore It, Enjoy It, Pair It and Share It!

## INTENT AROUND BEER

At the heart of the Phantom Carriage experience is our belief that there are no limits to the possibilities, when it comes to brewing!

**Exploration and Innovation** – Fearless experimentation is our approach, with both new and old world styles of brewing and blending, incorporating recipes that contemplate a virtually infinite number of delightful potential ingredients, and fermentation and barrel aging with a wide variety of unique house cultured yeasts and bacteria.

**Patience:** Good things take time, and our beer is no exception! We're great at waiting. That's right. Patiently waiting for each barrel aged beer to finally be ready, whether that's weeks, months, or years.

**Diversity:** Something everyone can enjoy. From the bright acidity or funkiness of our Wild beers, to the dank floral hop character of our IPAs, to the crisp clean taste of a Phantom Carriage Pilsner or Lager.

**Quality, Integrity and Commitment to the Craft:** Brewing these unique and complex beers is not easy. It takes knowledge, experience, and a great deal of hard work. We use only the finest ingredients we can source, nothing artificial, no compromises.

We are fully committed to making the investment and dedicating the time and effort it takes to deliver consistently exceptional beer!

## BEER & FOOD TOGETHER

Phantom Carriage beers were born to be Paired!! The deep complexities and light acidity of our Wild and Sour beers make them perfect for pairing with food. And there's nothing we enjoy more than exploring the rich connections between our unique beers and great food. Our Phantom Carriage brewing and culinary staff take great pride in offering you the opportunity to share in some truly amazing pairing adventures!

Pairing is part of our ethos...so we focus on it, not just at special beer pairing events, but in the creation of the fare we serve every day in our taprooms and with the great chefs and restaurants we partner with.

Explore our ever-evolving menu and feel free to ask one of our staff to help you explore possible food pairings for each unique beer. Savory house-smoked meats and hand crafted sausages, tasty vegan fare and sweet treats, many prepared using our barrel aged ales, guarantee a new taste adventure always awaits you at Phantom Carriage.

We age many of our beers in freshly emptied wine barrels to allow them to develop deep, seductively layered complexities that are similar to many great wines. And unlike more familiar clean beers, our Wild and Sour beers become more complex over time, developing incredibly unique and delightful flavors that both stand alone, and pair exceptionally well with fine food. That's why we recommend buying several of each, and cellaring some bottles to open in 6 months, a year, or even longer. See for yourself how they change, evolve and continue to improve for years to come.

## AMBIENCE WITH MYSTIQUE

Ease into the relaxed ambiance of the Taproom, part speakeasy, part oak barrel aging cellar. Our Phantom Carriage team is here for you...friendly, hardworking, wickedly knowledgeable about our beer, and committed to your enjoyment. We're honored to have you.

The dimly-lit, vast room is stacked with rack-upon-rack of hand selected wine and spirit barrels, each filled with liquid adventure. Every one of these hundreds of barrels has something unique happening inside...something worth waiting for...something to surprise and delight you 6 months, a year, even 2 years from now.

Our knowledgeable staff will guide you through a wide array of Wild and Sour cellared offerings, or our equally innovative variations on more familiar beers. If we pique your curiosity, just ask, and our staff will be glad to arrange a brief tour of our artisanal brewing operation, if brewing activities underway will safely allow visitors in the brew area.

Take it all in. Enjoy the friendly attentive service, load up on great beer and great food and retire to one of our reservable private spaces to watch a game, enjoy some entertainment with friends, or simply relax and ponder your good fortune!

## COMMUNITY, CONNECTION & COLLABORATION

We also care deeply about this "Global Community" we all share. So we seek to minimize our environmental footprint wherever possible and encourage others to do the same.

And, we are always looking for ways to support and collaborate with the great Brewers and Chefs we meet, as we continue our exploration of the infinitely amazing possibilities of great Beer and great Food!
